

Activate the edge

IoT solutions from HPE and Accenture

Delivering the Internet of Things (IoT) solutions you need, from edge to core

By 2020, the number of connected “things” will rise to

What's your IoT strategy for handling this growing number of “things?”

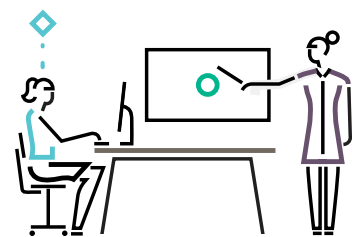

Work with HPE & Accenture to overcome IoT challenges

- New and stronger competitors
- New capabilities and processes
- New and unknown technologies
- New and diversified revenue streams
- Integration of industry 4.0/ Industrial Internet of Things (IIoT)

...and overcome edge computing challenges?

- Latency, slowing your time to action
- Network bandwidth at remote locations
- Cost of transferring data volumes across the network
- Exposure to security threats
- Supportability at remote sites with no IT staff
- Durability at sites no “IT suitable” environment
- Compliance with data sovereignty laws

HPE & Accenture—better together

- Comprehensive, integrated, secure IoT & IIoT solutions, based on proven HPE hybrid IT approach
- People and services
- Prebuilt IoT industry apps
- Proven CPaaS platform

Choose from industry-specific solutions

- Product Manufacturing – helping you capitalize on Industry 4.0
- Oil & Gas
- Retail
- Hospitality

Use “edge” computing solutions designed to enhance

- Productivity
- Efficiency
- Security
- Connectivity
- Data management
- Control
- Simplicity

Get the 7 benefits of convergence at the edge

- 1 ✓ Less space
- 2 ✓ Less energy
- 3 ✓ Lower cost
- 4 ✓ Lower latency
- 5 ✓ Fewer cables
- 6 ✓ Less deployment time
- 7 ✓ Less siloed OT & IT
