## HPE Teams Enablement Service

A set of assessment services to provide insights in the readiness of your organization and the tenant to begin the journey to MS Teams. Based on these insights any remediation steps to the current organization and tenant will be executed and the MS Teams service components will be enabled.

## HPE Teams Introduction Service

This set of professional services aims to provide your organization with the best aligned MS Teams Solution Design by leveraging a human centered design approach. User Personas and industry specific use cases drive the configuration of the MS Teams workspaces as well as the Teams user adoption, leading to an optimally designed service and an optimally enabled end user base.

## HPE Teams Information Governance Service

This set of services to provide your organization with assessment of the current information types and structures, Information Architecture, information access model and governance model design. It helps your organization to support the compliance with industry regulations and improve utilizations of the information management tools for the benefit of the organization business.

## HPE Teams Compliance and Security Service

HPE Teams Compliance Assessment and Security Standards Service assesses an organization’s ability to protect their digital assets according to an internationally accepted code of security practices.
MAKE ENGAGING AND PRODUCTIVE SPACES, BLENDING PHYSICAL WORKSPACES WITH DIGITAL TOOLS

“I want **technology to actively work for me** wherever I am in my workplace, always helping me to be as productive as possible.”

**Smart mobile interaction with the physical workplace**

- Locate an available desk in Building 2
- Where is Chris sitting today?
- Book the closest conference room for 20 minutes from now
- Tell me when my visitor is in the lobby
- How do I get to Building 4, Room 212?

“I want **ease of control of my environment**, wherever I am in my workplace, always helping me to be as productive as possible.”

**Reporting and analytics**

**Comfortable = Productive**

- I wish I could automatically set the room up when I check in.
- It’s too warm, I’m struggling to concentrate.
- I need to present this on the monitor but there’s too much glare.
